

ICDL Digital Marketing - Complete Study Guide with Exercises

Module 1: Digital Marketing Concepts

1.1 Key Concepts

What is Digital Marketing?

Digital marketing encompasses all marketing efforts that use electronic devices or the internet. It's the promotion of brands, products, or services through digital channels to connect with customers where they spend their time online.

Elements of Digital Marketing

1. **Content Marketing:** Creating and distributing valuable content to attract and engage a target audience
2. **Social Media Marketing:** Using social platforms to promote products/services and engage with customers
3. **E-mail Marketing:** Sending targeted messages to subscribers to nurture leads and drive conversions
4. **Mobile Marketing:** Reaching customers on smartphones and tablets through apps, SMS, and mobile-optimized content
5. **Affiliate Marketing:** Partners promote your products/services in exchange for commission
6. **Search Engine Marketing (SEM):** Paid advertising on search engines (e.g., Google Ads)
7. **Search Engine Optimisation (SEO):** Improving website visibility in organic search results
8. **Display Advertising:** Visual ads (banners, videos) on websites and apps
9. **Analytics:** Measuring and analyzing digital marketing performance

Goals of Digital Marketing

- **Increased Brand Awareness:** Making more people familiar with your brand
- **Lead Generation:** Capturing potential customer information
- **Sales Generation:** Direct product/service purchases
- **Customer Information:** Educating customers about offerings
- **Improved Customer Service:** Providing support through digital channels
- **Direct Customer Engagement:** Two-way communication with audience
- **Generating Traffic:** Driving visitors to websites or platforms

Advantages of Digital Marketing

1. **More Cost-Effective:** Lower costs compared to traditional advertising
2. **Easier to Track:** Real-time metrics and performance data
3. **Larger Demographic Reach:** Access to global audiences
4. **Higher Engagement:** Interactive features enable better customer interaction
5. **Mobile-Friendly:** Reaches customers on-the-go

Limitations of Digital Marketing

1. **Lack of Face-to-Face Interaction:** Reduced personal connection
2. **Can Be Obtrusive:** Ads may interrupt user experience
3. **Time Commitment:** Requires consistent management and updates
4. **May Not Suit All Products:** Some products better suited to traditional marketing

Legal and Regulatory Considerations

- Data protection laws (GDPR, local regulations)
- Consumer privacy rights
- Spam and unsolicited communications regulations
- Advertising standards and truth in advertising
- Copyright and intellectual property

1.2 Planning

Elements of a Digital Marketing Strategy

1. **Alignment to Business Goals:** Ensure digital efforts support overall objectives
2. **Marketing Objectives:** Define specific, measurable targets
3. **Target Audience Identification:** Research demographics, behaviors, preferences
4. **Competitor Analysis:** Study competitors' digital presence and strategies
5. **Platform Selection:** Choose appropriate channels for your audience
6. **Content Planning and Creation:** Develop content calendar and assets
7. **Budget Allocation:** Distribute resources across channels and activities
8. **Reporting:** Establish metrics and reporting schedules

Consistent Online Presence

Maintain uniform branding across all digital platforms:

- Logo and visual identity
- Tone of voice and messaging
- Color schemes and design elements
- Brand values and personality

Content Types for Traffic and Engagement

- **Infographics:** Visual representations of data or processes

- **Memes:** Humorous, shareable images with text
- **Videos:** Engaging visual content (tutorials, demos, stories)
- **Guides:** In-depth how-to content
- **Product Reviews:** Honest assessments of products/services
- **Testimonials:** Customer success stories
- **Lists:** Easy-to-scan numbered or bulleted content
- **Whitepapers:** Authoritative reports on specific topics

Policies and Access Controls

Establish guidelines for staff managing company accounts:

- Who has access to which platforms
- Posting schedules and approval processes
- Response protocols for comments/complaints
- Crisis management procedures
- Password security and two-factor authentication

Module 2: Web Presence

2.1 Web Presence Options

Types of Web Presence

1. **Business Directory:** Listings on platforms like Google Business, Yelp
2. **Social Media:** Company profiles on Facebook, LinkedIn, Instagram, etc.
3. **Information Website:** Static site with company/product information
4. **Blog:** Regularly updated articles and content
5. **E-commerce Website:** Online store with shopping functionality
6. **Mobile Site:** Mobile-optimized version of website
7. **Web Application:** Interactive online tool or service
8. **Mobile Application:** Native app for iOS/Android devices

Steps to Create Web Presence

1. **Register Website Address:** Choose and purchase domain name
2. **Register Hosting Service:** Select web hosting provider
3. **Design and Build Site:** Create structure, content, and design
4. **Promote Site:** Use various channels to drive traffic

Content Management System (CMS)

A software platform that allows users to create, manage, and modify website content without specialized technical knowledge. Examples: WordPress, Drupal, Joomla.

2.2 Website Considerations

Main Parts of a Website

- **Homepage:** Main landing page and navigation hub
- **Company Information:** About us, history, team
- **Contact Information:** Phone, email, address, contact form
- **News:** Updates, announcements, blog posts
- **Services/Product Description:** Detailed offerings
- **Search:** Site search functionality
- **E-commerce Facility:** Shopping cart and checkout
- **Sitemap:** Overview of site structure

Website Design Terms

- **User Interface (UI):** Visual elements users interact with
- **User Experience (UX):** Overall user satisfaction and ease of use
- **Responsive Design:** Adapts layout to different screen sizes
- **Accessibility:** Usable by people with disabilities
- **Performance Optimisation:** Fast loading and smooth operation
- **Browser Compatibility:** Works across different browsers

Good Website Content Practices

1. **Audience Focused:** Address user needs and questions
2. **Clear and Concise:** Easy to understand, no jargon
3. **Use of Keywords:** Include relevant search terms naturally
4. **Consistent Branding:** Maintain brand voice and style
5. **Quality Images/Videos:** Professional, relevant visuals
6. **Regularly Updated:** Fresh, current content

Website Promotion Methods

- Social media sharing
- Online advertising (PPC, display ads)
- Inbound links from other sites
- E-mail marketing campaigns
- Directory/search engine submissions
- E-mail signatures with website link
- Physical marketing materials (business cards, flyers)

2.3 Search Engine Optimisation (SEO)

What is SEO?

The practice of improving website visibility in organic (non-paid) search engine results through technical and content optimization.

Keywords

Words and phrases users type into search engines. Selecting relevant keywords helps your content appear in appropriate searches.

Creating a Keyword List:

- Research what your audience searches for
- Use keyword research tools (Google Keyword Planner, SEMrush)
- Include variations and long-tail keywords
- Consider search intent (informational, commercial, transactional)

Important SEO Elements

- **Page Title:** The headline that appears in search results and browser tabs
 - **URL:** Web address structure (should be clean and descriptive)
 - **Description Tag:** Brief summary shown in search results
 - **Meta Tags:** HTML elements providing information about the page
 - **Headings:** H1, H2, H3 tags that structure content hierarchy
 - **Alternative Text (Alt Text):** Descriptions of images for accessibility and SEO
-

Module 3: Social Media Setup

3.1 Social Media Platforms

What is a Social Media Platform?

Digital platforms that enable users to create and share content and participate in social networking.

Common Platforms and Uses:

- **Facebook:** Community building, advertising, customer service
- **Instagram:** Visual storytelling, product showcasing, influencer marketing
- **Twitter/X:** Real-time updates, news, customer engagement
- **LinkedIn:** B2B networking, professional content, recruitment
- **YouTube:** Video content, tutorials, product demos
- **TikTok:** Short-form video, viral trends, younger demographics
- **Pinterest:** Visual discovery, DIY, inspiration

Social Media Marketing Campaign Elements

1. **Choose Appropriate Platforms:** Match platforms to target audience
2. **Plan and Create Content:** Develop platform-specific content
3. **Track Campaign:** Monitor performance metrics
4. **Evaluate Performance:** Analyze results and adjust strategy

3.2 Social Media Accounts

Types of Social Media Profiles

- **Personal:** Individual user accounts
- **Business:** Company pages with additional features
- **Groups:** Communities around specific topics
- **Event:** Temporary pages for specific events

Business Profile Information

- **Biography:** Concise description of business
- **Images:** Profile picture and cover photo
- **URL:** Website link
- **Contact Details:** Phone, email, location
- **Category:** Business type classification

Social Media Actions

- **Post:** Share content on your profile
- **Comment:** Respond to others' content
- **Share:** Redistribute content to your audience
- **Like:** Show appreciation or agreement
- **Tag:** Mention other users or pages
- **Hashtag:** Categorize content with # symbol

Module 4: Social Media Management

4.1 Social Media Management Services

What are Social Media Management Services?

Tools that allow managing multiple social media accounts from a single dashboard.

Common Services: Hootsuite, Buffer, Sprout Social, Later, HubSpot

Scheduled Posts

Pre-planning content to be published at specific times for optimal engagement.

4.2 Marketing and Promotion Activities

Key Concepts

- **Influencers:** Individuals with large, engaged followings who can promote products
- **Targeted Audience:** Specific group of people most likely to be interested in your offerings
- **Video Marketing:** Using video content to promote products/services
- **Review:** Customer feedback and ratings
- **Referral:** Recommendation from one customer to another
- **URL Shortener:** Tool that creates shorter links for tracking (bit.ly, TinyURL)
- **Viral:** Content that spreads rapidly through social sharing

Elements Contributing to Viral Success

- Humor
- Originality
- Resonance with audience
- Generating discussion

Good Social Media Content Practices

1. **Post Regularly:** Maintain consistent schedule
2. **Post Relevant Content:** Share what matters to your audience
3. **Research:** Follow relevant blogs and companies
4. **Run Competitions:** Engage audience with contests
5. **Use Visuals:** Include images and videos

4.3 Engagement, Lead Generation, and Sales

Good Social Media Marketing Practices

- **Timely Responses:** Reply to comments/complaints quickly
- **Appropriate Tone:** Professional yet personable
- **Take Issues Offline:** Move sensitive matters to private channels

Notifications

Set up alerts when:

- Your profile is mentioned
- Someone comments on your posts
- Direct messages received

Call to Action (CTA)

Clear instructions prompting users to take specific actions:

- "Get a quote"
 - "Sign up now"
 - "Buy now"
 - "Download app"
-

Module 5: Online Marketing and Advertising

5.1 Online Advertising

Search Engine Marketing (SEM) Platforms

- Google Ads
- Microsoft Advertising (Bing Ads)
- Yahoo Ads

Online Advertising Platforms

- Facebook Ads
- Instagram Ads
- LinkedIn Ads
- Twitter Ads
- YouTube Ads
- Display networks

Types of Online Advertisements

- **Floating Ads:** Overlay ads that appear on page
- **Pop-up Ads:** Separate windows that open
- **Video Ads:** Commercials before/during content
- **Image Ads:** Static or animated pictures
- **Banner Ads:** Rectangular ads at top/bottom/sides
- **Text Ads:** Text-only advertisements

Sponsored Posts

Paid content on social media that appears in users' feeds, designed to look native while reaching broader audiences.

5.2 E-Mail Marketing

E-Mail Marketing Platforms

- Mailchimp
- Constant Contact
- SendGrid
- AWeber
- Campaign Monitor

Key Terms

- **Opt-in:** User gives permission to receive emails
- **Opt-out:** User unsubscribes from email list

5.3 Mobile Marketing

Benefits of Mobile Marketing

- Access to more customers (mobile usage is high)
- Location-based targeting
- Immediate reach
- High engagement rates

Mobile Application Uses

- Promoting business/service
- Offering services directly
- Generating sales
- Building customer loyalty

Mobile Marketing Considerations

1. **Mobile-Friendly Website:** Responsive design
2. **Tailored Keywords:** Consider mobile search behavior
3. **Mobile-Optimized Ads:** Appropriate sizing and messaging

Mobile Advertising Options

- Video ads
- Search ads
- Display ads
- Social media ads
- In-app ads

Module 6: Analytics

6.1 Getting Started

What is Analytics?

The systematic analysis of data to understand and improve digital marketing performance.

Split Testing (A/B Testing)

Comparing two versions of content to determine which performs better.

6.2 Web Analytics

Common Analytics Terms

- **Unique Visitors:** Number of individual people visiting
- **Impressions:** How many times content is displayed
- **Clicks:** Number of times users click on links
- **Bounce Rate:** Percentage leaving after viewing one page
- **Conversion Rate:** Percentage completing desired action
- **Click Through Rate (CTR):** Percentage clicking after seeing content
- **Tracking Code:** Script that collects data
- **Referrals:** Traffic from other websites

Web Traffic

Visitors to your website. Quality traffic = visitors likely to convert.

Common Website Analytics Tools

- Google Analytics
- Adobe Analytics
- Matomo
- Clicky

6.3 Social Media Insights

Key Terms

- **Engagement:** Likes, comments, shares, interactions
- **Reach:** Number of people who see your content
- **Mentions:** Times your brand is referenced
- **Trends:** Patterns in data over time
- **Inbound Links:** Links from other sites to yours

Common Social Media Insights Tools

- Facebook Insights
- Instagram Insights
- Twitter Analytics
- LinkedIn Analytics
- Hootsuite Analytics

6.4 E-mail Marketing and Online Advertising Analytics

E-mail Analytics Terms

- **Open Rate:** Percentage who open email
- **Click Rate:** Percentage who click links
- **Bounce Rate:** Emails that don't deliver
- **Unsubscribe:** People who opt out
- **Total Subscribers:** Size of email list

Online Advertising Analytics Terms

- **Pay Per Click (PPC):** Cost each time ad is clicked
 - **Cost Per Thousand (CPM):** Cost per 1,000 impressions
 - **Cost Per Acquisition (CPA):** Cost to acquire one customer
 - **Cost Per Conversion (CPC):** Cost for each completed goal
-
-

Module 7: Content Creation and Design Tools

7.1 Visual Content Creation

Why Visual Content Matters

Visual content is essential for digital marketing success:

- Posts with images get 2.3x more engagement
- Video content increases conversion rates
- Infographics are shared 3x more than other content
- Branded visuals improve recognition and recall
- Mobile users prefer visual content

Content Creation Tools Overview

Canva - User-friendly graphic design platform

- Templates for social media posts, presentations, infographics
- Drag-and-drop interface

- Free and premium versions
- Brand kit for consistent branding
- Collaboration features

Adobe Spark/Express - Adobe's simplified design tool

- Social graphics, web pages, video stories
- Integration with Adobe Creative Cloud
- Professional templates

Crello (VistaCreate) - Similar to Canva

- Animated designs
- Video editing capabilities
- Large template library

PicMonkey - Photo editing and design

- Touch-up tools
- Graphics and templates
- Collage maker

Other Tools:

- **Piktochart** - Infographics and presentations
- **Visme** - Presentations and data visualizations
- **Snappa** - Quick social media graphics
- **Figma** - Collaborative design (more advanced)

7.2 Design Principles for Digital Marketing

Essential Design Elements

1. Color Psychology

- Red: Energy, urgency, passion
- Blue: Trust, security, professionalism
- Green: Growth, health, environment
- Yellow: Optimism, attention, warmth
- Orange: Confidence, enthusiasm
- Purple: Creativity, luxury, wisdom

2. Typography

- Maximum 2-3 fonts per design
- Ensure readability on all devices

- Hierarchy: Headlines larger than body text
- Contrast between text and background

3. Visual Hierarchy

- Most important element should be largest/boldest
- Use white space effectively
- Guide viewer's eye with layout
- Group related elements together

4. Brand Consistency

- Use consistent colors across all content
- Maintain same logo placement
- Use brand fonts
- Apply consistent filters/styles to photos

5. Composition

- Rule of thirds for image placement
- Balance elements on page
- Align elements for clean look
- Use grids for structure

Platform-Specific Design Requirements

Instagram

- Square posts: 1080 x 1080 px
- Stories: 1080 x 1920 px
- Reels: 1080 x 1920 px
- High-quality, visually appealing images
- Consistent aesthetic/theme

Facebook

- Post images: 1200 x 630 px
- Cover photo: 820 x 312 px
- Profile picture: 170 x 170 px (displays as circle)
- Stories: 1080 x 1920 px

Twitter/X

- Post images: 1200 x 675 px
- Header: 1500 x 500 px
- Profile: 400 x 400 px

LinkedIn

- Post images: 1200 x 627 px
- Cover photo: 1584 x 396 px
- Profile: 400 x 400 px
- Company logo: 300 x 300 px

Pinterest

- Pins: 1000 x 1500 px (2:3 ratio)
- Vertical format preferred

YouTube

- Thumbnails: 1280 x 720 px
- Channel art: 2560 x 1440 px

7.3 Types of Visual Content to Create

1. Social Media Posts

- Quote graphics
- Product announcements
- Behind-the-scenes photos
- User-generated content
- Event promotions

2. Infographics

- Statistics and data visualization
- How-to guides
- Timeline of events
- Comparison charts
- Process explanations

3. Video Content

- Product demonstrations
- Tutorials and how-tos
- Customer testimonials
- Brand stories
- Live streams
- Short-form videos (Reels, TikToks)

4. Marketing Materials

- Email headers
- Banner ads
- Social media covers
- Presentation slides
- Digital flyers
- E-books and whitepapers

5. Branded Templates

- Instagram story templates
- Quote templates
- Announcement templates
- Promotional templates

7.4 Using Canva for Digital Marketing

Getting Started with Canva

Step 1: Account Setup

1. Sign up at canva.com
2. Choose free or Pro version
3. Set up brand kit (Pro feature)
 - Upload logo
 - Add brand colors
 - Upload brand fonts

Step 2: Choosing Templates

1. Search by content type (Instagram Post, Facebook Ad, etc.)
2. Browse categories (Marketing, Social Media, Business)
3. Filter by style, color, theme
4. Use "Blank" to start from scratch

Step 3: Customizing Designs

1. **Replace Text:** Click and type new content
2. **Change Images:**
 - Upload your own photos
 - Use Canva's stock library
 - Search for specific images
3. **Adjust Colors:**
 - Click element and select new color
 - Use brand colors from palette
 - Apply to backgrounds, text, shapes
4. **Add Elements:**

- Shapes, lines, stickers
- Icons and illustrations
- Frames for photos
- Charts and graphs

Step 4: Advanced Features

- **Animations:** Add movement to elements
- **Magic Resize:** Adapt design for different platforms
- **Background Remover:** Remove image backgrounds (Pro)
- **Brand Kit:** Apply brand colors/fonts instantly (Pro)
- **Folders:** Organize designs by campaign/client
- **Collaboration:** Share with team members

Step 5: Export and Share

- Download as PNG, JPG, PDF, or video
- Schedule to social media (Pro)
- Generate shareable link
- Create presentation mode

Best Practices for Canva

Do's:

- Start with templates for efficiency
- Maintain brand consistency
- Use high-quality images (300 DPI for print)
- Keep designs simple and uncluttered
- Test readability on mobile
- Save designs in organized folders
- Create template sets for recurring content

Don'ts:

- Don't overcrowd designs with too many elements
- Don't use too many fonts (2-3 maximum)
- Don't stretch or distort images
- Don't ignore platform size requirements
- Don't forget to proofread text
- Don't use copyrighted images without permission

7.5 Creating Effective Visual Content

Content Planning Process

1. Define Purpose

- What's the goal? (Awareness, engagement, conversion)
- What message needs to be communicated?
- What action should viewers take?

2. Know Your Audience

- Age group preferences
- Platform habits
- Visual style preferences
- Pain points to address

3. Plan Content Series

- Consistent look across posts
- Coordinated campaigns
- Recurring content themes
- Seasonal variations

4. Create Content Calendar

- Plan visuals weeks in advance
- Batch create similar content
- Schedule around key dates
- Leave room for timely content

Accessibility in Design

Make content accessible to all users:

- Sufficient color contrast (4.5:1 ratio minimum)
- Don't rely on color alone to convey information
- Add alt text to all images
- Use readable fonts (minimum 16px for body text)
- Avoid flashing animations
- Include captions on videos

Mobile-First Design

Most users view content on mobile:

- Test designs on phone screens
- Use larger text sizes
- Simplify complex designs
- Ensure CTA buttons are tappable

- Keep important content centered

7.6 Video Creation Basics

Types of Marketing Videos

1. Short-Form Video (15-60 seconds)

- Instagram Reels
- TikTok videos
- YouTube Shorts
- Facebook Stories

2. Long-Form Video (2-10+ minutes)

- YouTube tutorials
- Product demonstrations
- Webinar recordings
- Customer testimonials

3. Live Video

- Q&A sessions
- Product launches
- Behind-the-scenes
- Events coverage

Simple Video Creation Tools

Canva Video Features

- Animated social media videos
- Simple video editing
- Video templates
- Music and sound effects

Other Tools:

- **CapCut** - Mobile video editing
- **InShot** - Mobile editing app
- **Adobe Premiere Rush** - Simplified video editing
- **Animoto** - Slideshow-style videos
- **Lumen5** - AI-powered video from blog posts

Video Best Practices

- **First 3 seconds matter:** Hook viewers immediately
- **Add captions:** 85% watch without sound
- **Keep it short:** Match platform expectations
- **Strong thumbnail:** Encourage clicks
- **Clear CTA:** Tell viewers what to do next
- **Optimize for mobile:** Vertical or square format
- **Good lighting:** Natural or ring light
- **Stable footage:** Use tripod or stabilizer

7.7 User-Generated Content (UGC)

What is UGC?

Content created by customers/users featuring your brand:

- Customer photos with products
- Reviews and testimonials
- Unboxing videos
- Social media mentions
- Customer stories

Benefits of UGC

- More authentic and trustworthy
- Cost-effective content creation
- Increases engagement
- Builds community
- Provides social proof

How to Encourage UGC

1. Create branded hashtag
2. Run contests and challenges
3. Feature customer content on your channels
4. Request reviews and testimonials
5. Make sharing easy and rewarding
6. Engage with user posts

UGC Best Practices

- Always get permission before reposting
- Credit original creator
- Maintain quality standards
- Monitor for brand alignment
- Respond to all user content
- Create clear usage guidelines

Practical Exercises

Exercise Set 1: Digital Marketing Concepts

Exercise 1.1: Identify Digital Marketing Elements Match each scenario with the correct digital marketing element:

1. A company creates helpful blog posts about home maintenance
2. A business pays 200 every time someone clicks their Google ad
3. A store sends weekly newsletters to customers
4. A brand partners with a popular YouTuber to review their product
5. A company optimizes website content to rank higher in search results

Exercise 1.2: Goal Setting For a new coffee shop opening in your area, identify THREE appropriate digital marketing goals and explain why each is relevant.

Exercise 1.3: Advantages vs. Limitations Create a table comparing advantages and limitations of digital marketing for:

- A local bakery
- An international software company
- A freelance graphic designer

Exercise Set 2: Web Presence

Exercise 2.1: Keyword Research Choose a business type (e.g., fitness trainer, pet grooming, accounting firm) and create a list of 10-15 keywords that would be relevant for their website optimization.

Exercise 2.2: Website Structure Design a sitemap for a small e-commerce business selling handmade jewelry. Include at least 8 main pages and describe what each page should contain.

Exercise 2.3: SEO Optimization Write optimized versions of the following for a digital marketing agency:

- Page title (60 characters max)
- Meta description (160 characters max)
- H1 heading
- URL structure
- Alt text for hero image

Exercise Set 2.5: Content Creation and Design

Exercise 2.5.1: Canva Basics Create the following using Canva:

1. Instagram post announcing a new product (1080 x 1080 px)
2. Facebook cover photo for a business page
3. Simple infographic showing "5 Tips for..." (your choice of topic)
4. LinkedIn post with a professional quote
5. Story template for Instagram announcements

Exercise 2.5.2: Brand Kit Development For a fictional or real business:

1. Choose a color palette (3-5 colors)
2. Select 2-3 complementary fonts
3. Create a style guide document showing:
 - o Color codes (HEX)
 - o Font names and usage rules
 - o Logo placement guidelines
 - o Image style preferences
4. Create 3 sample social media posts demonstrating consistency

Exercise 2.5.3: Multi-Platform Design Create the same promotional message optimized for:

1. Instagram square post
2. Facebook landscape post
3. Instagram Story
4. Twitter post with image
5. LinkedIn post

Note differences in:

- Image dimensions
- Text amount
- Design style
- Hashtag usage

Exercise 2.5.4: Infographic Creation Design an infographic on one of these topics:

- "Social Media Marketing Statistics"
- "The Customer Journey"
- "Email Marketing Best Practices"
- "SEO Ranking Factors"

Include:

- Clear title
- 5-7 data points with visualizations
- Icons and graphics

- Brand colors
- Sources cited

Exercise 2.5.5: Video Storyboard Plan a 30-second promotional video:

1. Write script (5-7 scenes)
2. Sketch or describe each scene
3. Note text overlays needed
4. List music/sound effects
5. Specify where CTA appears

Exercise 2.5.6: Content Series Planning Create a 5-post Instagram series on a theme:

- Choose consistent design template
- Plan content for each post
- Create mockups in Canva
- Write captions with hashtags
- Schedule suggested posting times

Exercise 2.5.7: Design Critique Find 3 real social media posts and analyze:

- What works well?
- What could be improved?
- Is branding consistent?
- Is text readable?
- Does it suit the platform?
- Is there a clear CTA?

Exercise 2.5.8: Accessibility Audit Review your designed content for:

1. Color contrast ratios (use online checker)
2. Text size readability
3. Alt text descriptions
4. Information conveyed without color alone
5. Mobile viewing experience

Exercise 2.5.9: A/B Design Testing Create two versions of the same post with one variable changed:

- Version A: One color scheme
- Version B: Different color scheme OR
- Version A: Photo-focused
- Version B: Graphic-focused

Document what you're testing and predict which will perform better.

Exercise 2.5.10: Template Library Build a content template library:

1. 3 quote templates
2. 2 product announcement templates
3. 1 testimonial template
4. 1 tips/list template
5. 1 behind-the-scenes template

Save all with consistent branding for future use.

Exercise Set 3: Social Media Setup

Exercise 3.1: Platform Selection For each business below, recommend TWO social media platforms and explain why:

1. High-end fashion boutique
2. B2B software company
3. Local restaurant
4. Fitness coach
5. Real estate agent

Exercise 3.2: Profile Creation Create a complete business profile for a fictional company including:

- Business name and category
- Biography (150 characters)
- Profile description
- Contact information
- Three initial posts with hashtags

Exercise 3.3: Content Calendar Create a one-week social media content calendar for a bookstore, including:

- Platform for each post
- Post type (image, video, poll, etc.)
- Caption/text
- Best posting time
- Relevant hashtags

Exercise Set 4: Social Media Management

Exercise 4.1: Engagement Response Write appropriate responses to these social media scenarios:

1. Positive review: "Best customer service ever! Highly recommend!"
2. Complaint: "Waited 2 hours for delivery, food was cold"

3. Product question: "Do you ship internationally?"
4. Compliment with issue: "Love your products but website is slow"

Exercise 4.2: Campaign Planning Design a social media campaign for a new product launch:

- Product: Eco-friendly water bottle
- Campaign duration: 2 weeks
- Include: Goals, platforms, content types, influencer strategy, CTAs

Exercise 4.3: URL Shortener Practice List three scenarios where using URL shorteners would be beneficial and explain the tracking benefits.

Exercise Set 5: Online Marketing and Advertising

Exercise 5.1: Ad Type Selection For each marketing objective, recommend the most appropriate ad type and explain why:

1. Increase brand awareness for new company
2. Promote limited-time sale
3. Generate leads for B2B service
4. Showcase product features
5. Re-engage past website visitors

Exercise 5.2: E-mail Marketing Campaign Create an email marketing campaign structure:

- Subject line
- Preview text
- Email body (include sections)
- CTA
- Footer information

Exercise 5.3: Mobile Marketing Strategy Develop a mobile marketing strategy for a food delivery app including:

- Three mobile advertising tactics
- Mobile-specific keywords
- App promotion ideas

Exercise Set 6: Analytics

Exercise 6.1: Metrics Interpretation Analyze this data and provide recommendations:

Website Analytics:

- Unique visitors: 5,000
- Bounce rate: 75%

- Average session duration: 30 seconds
- Conversion rate: 0.5%

Exercise 6.2: Split Testing Plan Design an A/B test for an email campaign:

- Element to test (subject line, CTA, images, etc.)
- Version A details
- Version B details
- Success metric
- Test duration

Exercise 6.3: Analytics Report Create a monthly analytics report template that includes:

- Key metrics to track
- Data visualization ideas
- Insights section
- Recommendations section

Exercise Set 7: Integrated Campaign

Exercise 7.1: Complete Digital Marketing Strategy Choose a business and create a comprehensive 3-month digital marketing strategy including:

1. **Business Overview:** Name, industry, products/services
2. **Goals:** Three SMART objectives
3. **Target Audience:** Demographics, behaviors, pain points
4. **Competitor Analysis:** Three competitors, their strengths/weaknesses
5. **Platform Selection:** Which channels and why
6. **Content Strategy:** Types of content, frequency, themes
7. **Budget Allocation:** Distribute \$5,000 across channels
8. **KPIs:** Specific metrics to track success
9. **Timeline:** Monthly breakdown of activities
10. **Analytics Plan:** How you'll measure and report results

Exercise Set 8: Case Study Analysis

Exercise 8.1: Success Story Analysis Research a real digital marketing campaign success story and analyze:

- Campaign objectives
- Digital marketing elements used
- Creative approach
- Results achieved
- Key success factors
- Lessons learned

Exercise 8.2: Problem Solving A small business has these challenges:

- Low website traffic
- Poor social media engagement
- High email unsubscribe rate
- Limited budget (5000/month)

Develop solutions for each problem using digital marketing strategies from the syllabus.

Exercise Set 9: Practical Skills
