

CORELDRAW GRAPHICS DESIGN

40-Day Practical Training Course (2 Hours Per Day)

Course Code: CDG-01 | Duration: 8 Weeks | Total: 80 Hours | **100% PRACTICAL**

Software:	CorelDRAW Graphics Suite 2023/2024
Certification:	M.T.T.I Certificate in CorelDRAW Graphics Design
Requirements:	Basic computer skills, USB flash drive (8GB+)

LEARNING OUTCOMES

1. Master CorelDRAW interface, tools, and workspace customization
2. Create and manipulate vector shapes, curves, and objects
3. Design professional typography and text layouts
4. Apply colors, gradients, patterns, and special effects
5. Design business cards, flyers, brochures, and banners
6. Create logos, icons, and brand identity materials
7. Prepare designs for professional printing (CMYK, bleeds, exports)
8. Build a professional design portfolio

Each Day: **Hour 1** (Demo + Guided Practice) → **Hour 2** (Hands-On Project)

WEEK 1: CORELDRAW INTERFACE & BASIC TOOLS

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
1	Introduction	Course overview; CorelDRAW interface tour; Toolbars & dockers	PROJECT: Customize workspace; Create first document; Save formats
2	Navigation	Zoom, pan, views; Rulers, guides, grids; Page setup	PROJECT: Set up A4 document with guides for business card layout
3	Selection Tools	Pick tool; Selecting, moving, copying objects; Undo/Redo	PROJECT: Arrange geometric shapes into a pattern
4	Basic Shapes	Rectangle, ellipse, polygon tools; Property bar options	PROJECT: Create a simple house illustration using basic shapes
5	Shape Editing	Shape tool; Converting to curves; Node editing basics	PROJECT: Modify basic shapes to create custom icons

WEEK 2: DRAWING & CURVES

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
6	Line Tools	Freehand, 2-point line, Bezier tool; Connector lines	PROJECT: Draw a map with roads and connectors
7	Pen Tool Mastery	Bezier curves; Adding/deleting nodes; Smooth vs cusp	PROJECT: Trace a simple logo using Pen tool
8	Artistic Media	Brush, sprayer, calligraphy, pressure modes	PROJECT: Create decorative borders and flourishes
9	Smart Drawing	Smart drawing tool; Shape recognition; Perfect shapes	PROJECT: Design a flowchart diagram
10	Tracing Images	PowerTRACE; Bitmap to vector conversion; Settings	CAT 1: Trace a photograph into vector art

WEEK 3: TEXT & TYPOGRAPHY

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
11	Artistic Text	Creating artistic text; Font selection; Text formatting	PROJECT: Design a stylized name/title with effects
12	Paragraph Text	Text frames; Columns; Importing text; Text flow	PROJECT: Create a newsletter text layout
13	Text on Path	Fitting text to curves; Adjusting position; Orientation	PROJECT: Design circular badge with text on path
14	Text Effects	Drop shadow; Extrude; Contour on text; Envelope	PROJECT: Create 3D text effect for poster heading
15	Typography Design	Font pairing; Hierarchy; Kerning; Leading; Tracking	PROJECT: Design a typographic quote poster

WEEK 4: COLORS, FILLS & OUTLINES

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
16	Color Models	RGB vs CMYK; Spot colors; Color palettes	PROJECT: Create custom color palette for a brand
17	Uniform Fills	Color picker; Eyedropper; Color styles; Harmonies	PROJECT: Recolor an illustration using color harmonies
18	Gradient Fills	Linear, radial, conical gradients; Custom gradients	PROJECT: Create sunset landscape with gradient fills
19	Pattern Fills	Two-color, full-color, bitmap patterns; Creating patterns	PROJECT: Design seamless pattern for fabric/wallpaper
20	Outlines & Mesh	Outline properties; Calligraphic outlines; Mesh fill	CAT 2: Create realistic fruit using mesh fill

WEEK 5: EFFECTS & TRANSFORMATIONS

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
21	Object Transforms	Rotate, scale, skew, mirror; Transform docker	PROJECT: Create kaleidoscope pattern using transforms
22	Blend Effect	Blending objects; Blend along path; Acceleration	PROJECT: Design abstract color blend artwork
23	Contour Effect	Inside, outside, center contours; Color transitions	PROJECT: Create neon glow effect on text and shapes
24	Envelope & Distort	Envelope modes; Add perspective; Distortion tools	PROJECT: Create product mockup with perspective
25	Drop Shadow	Shadow types; Feathering; Transparency; Glow effects	PROJECT: Design realistic 3D button with shadows

WEEK 6: ADVANCED TECHNIQUES & PHOTO EDITING

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
26	Transparency	Uniform, gradient, pattern transparency; Merge modes	PROJECT: Create glass/water effect illustration
27	PowerClip	Placing objects inside containers; Editing contents	PROJECT: Create photo frame designs with PowerClip
28	Lens Effects	Transparency, magnify, brighten, fish-eye lenses	PROJECT: Create spotlight effect on poster
29	Photo Editing	PHOTO-PAINT basics; Cropping; Adjustments; Filters	PROJECT: Edit and enhance product photos
30	Image Cutout	Removing backgrounds; Masking; Feathered edges	CAT 3: Create composite image with cutout photos

WEEK 7: PRINT DESIGN PROJECTS

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
31	Business Cards	Standard sizes; Bleed setup; Print-ready design	PROJECT: Design double-sided business card
32	Letterhead	Corporate identity; Margins; Print areas	PROJECT: Design matching letterhead and envelope
33	Flyers	Single-page layout; Visual hierarchy; Call-to-action	PROJECT: Design A5 promotional flyer
34	Brochures	Tri-fold setup; Panel layout; Fold marks	PROJECT: Design tri-fold brochure with content
35	Posters & Banners	Large format design; Resolution; Scaling	PROJECT: Design A3 event poster

WEEK 8: LOGO DESIGN, EXPORT & PORTFOLIO

Day	Topic	Hour 1: Demo + Guided Practice	Hour 2: Hands-On Project
36	Logo Design I	Logo types; Concept development; Sketching; Simplicity	PROJECT: Design wordmark logo for a business
37	Logo Design II	Icon/symbol logos; Combining text and graphics	PROJECT: Design combination mark logo
38	Export & Print Prep	PDF export; Print-ready settings; Color separations	PROJECT: Prepare complete brand kit for printing
39	Portfolio Building	Organizing work; Presentation layouts; Mockups	PROJECT: Create portfolio presentation document
40	FINAL EXAM	Review & career guidance	FINAL PROJECT: Complete brand identity package

ASSESSMENT (100% PRACTICAL)

Assessment Component	Weight	Day
Daily Project Submissions	25%	1-40
CAT 1: Vector Tracing (Day 10)	10%	10
CAT 2: Mesh Fill Illustration (Day 20)	10%	20
CAT 3: Photo Composite Design (Day 30)	15%	30
Final Project: Complete Brand Identity Package (Day 40)	40%	40
TOTAL	100%	-

Final Project Requirements (Brand Identity Package):

- Logo design (primary + alternate versions)

- Business card (front & back)
- Letterhead design
- Promotional flyer or brochure
- Social media banner
- All files print-ready (PDF with bleeds)

CAREER OPPORTUNITIES

- Graphic Designer (print & digital)
- Logo & Brand Identity Designer
- Print Production Artist
- Signage & Large Format Designer
- **Freelance Designer**
- **Start Your Own Design Business**
