FOREWORD

Provision of quality education and training is fundamental to the Government's overall strategy for socio-economic development. Quality education and training contribute to achievement focused on Kenya's development blueprint and sustainable development goals.

Reforms in the education and training sector are necessary for achievement of Kenya Vision 2030 and meeting the provisions the Constitution of Kenya. The education sector had to be aligned to the Constitution and this resulted in formulation of the Policy Framework for Reforming Education and Training (Sessional Paper No. 1 of 2019). A key feature of this policy is the change in the design and delivery of TVET training. This policy document requires that training in TVET be competency based, curriculum development be industry led, certification be based on demonstration of competence and mode of delivery that allows for multiple entry and exit in TVET programs.

These reforms demand that Industry takes a leading role in curriculum development to ensure the curriculum addresses its competence needs. It is against this background that this Curriculum has been developed.

It is my conviction that this curriculum will play a great role towards development of competent human resource for the healthcare support services sector's growth and sustainable development.

**PRINCIPAL SECRETARY
STATE DEPARTMENT FOR TVET
MINISTRY OF EDUCATION**

PREFACE

Kenya Vision 2030 aims to transform the country into a newly industrializing, middle-income country providing high quality life to all its citizens by the year 2030. Kenya intends to create a globally competitive and adaptive human resource base to meet requirements of a rapidly industrializing economy through life-long education and training. TVET has a responsibility of facilitating the process of inculcating knowledge, skills and worker behaviour necessary for catapulting the nation to a globally competitive country, hence the paradigm shift to embrace Competency Based Education and Training (CBET).

The Technical and Vocational Education and Training Act No. 29 of 2013 and the Sessional Paper No. 1 of 2019 on Reforming Education and Training in Kenya, emphasized the need to reform curriculum development, assessment and certification. This called for a shift to CBET to address the mismatch between skills acquired through training and skills needed by industry as well as increase the global competitiveness of Kenyan labour force.

This curriculum has been developed in adherence to the Kenya National Qualification Framework and CBETA standards and guidelines. The curriculum is designed and organized into Units of Learning with Learning Outcomes; suggested delivery methods, training/learning resources and methods of assessing the trainee's achievement. The curriculum is competency-based and allows multiple entry and exit to the course.

I am grateful to the Council Members, Council Secretariat, National Sector Skills Advisory expert workers and all those who participated in the development of this curriculum.

**CHAIRPERSON
TVET CDACC**

ACKNOWLEDGEMENT

This curriculum has been designed for competency-based training and has independent units of learning that allow the trainee flexibility in entry and exit. In developing the curriculum, significant involvement and support was received from industry and various organizations.

I appreciate National Sector Skills Committee who enabled the development of this curriculum. I recognize with appreciation the role of the SSC in ensuring that competencies required by the industry are addressed in this curriculum.

I also thank all stakeholders in the Construction sector for their valuable input and all those who participated in the process of developing this curriculum.

I am convinced that this curriculum will go a long way in ensuring that workers in construction sector will acquire competencies that will enable them perform their work more efficiently.

**COUNCIL SECRETARY/CEO
TVET CDACC**

COURSE OVERVIEW

Caregiving level 4 qualification consists of competencies that an individual must have to provide caregiving services in healthcare facilities, hospices and homes. It involves performing housekeeping services, carrying out client's dietary interventions, providing psychosocial support and carrying out pre-departure process. It also involves providing care-giving catering services and supporting special needs care.

Units of Learning

MODULE I

ISCED Unit Code	TVET CDACC Unit Code	Unit Title	Duration in Hours	Credit Factor
1011 251 01A	HW/CU/HBC/CR/01/3/MA	House Keeping Services	60	6
0915 251 02A	HW/CU/HBC/CR/02/3/MA	Client's Dietary Interventions	50	5
0915 251 03A	HW/CU/HBC/CR/03/3/MA	Psychosocial Support	70	7
1015 251 04A	HW/CU/HBC/CR/04/3/MA	Pre-Departure Process	50	5
		Total	230	23

MODULE II

ISCED Unit Code	TVET CDACC Unit Code	Unit Title	Duration in Hours	Credit Factor
0913 351 06A	HW/CU/CG/CC/01/4/MA	First Aid Services	60	6
0915 351 07A	HW/CU/CG/CR/01/4/MA	Caregiving Catering Services	180	18
0913 351 08A	HW/CU/CG/CR/02/4/MA	Special Needs Care Support	120	12
Industrial Training			320	32
			680	68
Grand Total			910	91

Entry Requirements

An individual entering Caregiving Level 4 should have any of the following minimum requirements:

a) Kenya Certificate of Secondary Education (KCSE);

Or

b) National TVET Certificate in Home-Based Care level 3 or related trade area;

Or

c) Equivalent qualifications as determined by TVETA

Trainer Qualification

Qualifications of a trainer for this course include:

- a) Possession of at least National TVET Certificate level 5 homebased care or in related trade area;
- b) License by TVETA; and

Industry Training

An individual enrolled in this course will be required to undergo Industry training for a minimum period of 480 hours in health care sector. The industrial training may be taken after completion of all units for those pursuing the full qualification or be distributed equally in each unit for those pursuing part qualification. In the case of dual training model, industrial training shall be as guided by the dual training policy.

Assessment

The course shall be assessed formatively and summatively:

- a) During formative assessment all performance criteria shall be assessed based on performance criteria weighting.
- b) During summative assessment basic and common units shall be integrated in the core units.
- c) Summative assessment shall involve practical assessment focusing more on critical aspects of the respective unit of competency.
- d) Theoretical and practical weight shall be 10:90 respectively for each unit of learning;
- e) Theoretical (written/oral) assessment shall have formative and summative assessments weighted at 60% and 40% respectively in the overall unit of learning score
- f) Assessment performance rating for each unit of competency shall be as follows:

MARKS	COMPETENCE RATING
80 -100	Attained Mastery
65 - 79	Proficient
50 - 64	Competent
49 and below	Not Yet Competent
Y	Assessment Malpractice/irregularities

- g) Assessment for Recognition of Prior Learning (RPL) is not applicable for this program.

Certification

A candidate will be issued with a Certificate of Competency upon demonstration of competence in a core Unit of Competency. To attain the full National TVET Certificate in Caregiving Level 4, the candidate must demonstrate competence in all the Units of Competency as given in the qualification pack. Statement of Attainment certificate may be awarded upon demonstration of competence in certifiable element within a unit.

These certificates will be issued by TVET CDACC.

MODULE I

HOUSE KEEPING SERVICES

TVET CDACC Unit Code: HW/CU/HBC/CR/01/3/MA

ISCED Unit Code: 1011 251 01A

UNIT DURATION: 60 HOURS

Relationship To Occupational Standards

This unit addresses the unit of competency: provide housekeeping services.

Unit Description

This unit focuses on the essential housekeeping skills required to maintain a safe, clean and comfortable environment for individuals. It involves performing cleaning services, performing bed making and laundering articles and fabrics.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcome	Duration (Hrs)
1. To perform cleaning service	15
2. To perform bed making	15
3. To launder articles and fabrics	30
Total	60

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Perform cleaning service	• Cleaning equipment and materials • Cleaning procedures	• Practical • Oral questioning • Third-party report

	• Cleaning checklists	• Written test
2. Perform bed making	• Beds and beddings • Bed making procedure • Decorating guest beds	• Practical • Oral questioning • Written tests • Third-party report
3. To launder articles and fabrics	• Laundry equipment and materials • Pre-laundry activities • Laundry procedures • Laundry checklists • Finishing equipment • Finishing procedures • Finishing checklists	• Practical • Oral questioning • Third-party report • Written test

Suggested Methods of Instruction

- Instructor led facilitation of theory
- Demonstration by trainer
- Practical work by trainee
- Viewing of related videos

Recommended Resources For 25 Trainees (Cleaning)

- 10 Squeezers
- 10 Brooms
- 10 Mops
- 10 Scrubbers
- 10 Buckets

- 1 Vacuum cleaner
- 1 Scrubbing machines
- Mattresses
- Beds and beddings
- 10 Dusters

Recommended Resources For 25 Trainees (Laundry)

- Laundry equipment
- Automated Washing machines
- Tumble dryers
- Calendars
- Laundry agents
- Powder soap
- Fabric conditioner
- Finishing equipment
- Steam press
- Iron boxes
- Ironing boards
- Linen shelves
- Linen control sheets
- Linen checklists

CLIENT'S DIETARY INTERVENTIONS

TVET CDACC Unit Code: HW/CU/HBC/CR/02/3/MA

ISCED Unit Code: 0915 251 02A

Relationship to Occupational Standards

This unit addresses the Unit of Competency: perform clients 'dietary interventions

Duration of Unit: 120 hours

Unit Description

This unit covers the competencies required to carry out patient dietary needs. It involves; establishing patient dietary needs, drawing individualized feeding care plan, carrying out feeding care plan interventions and conducting continuous dietary monitoring.

Summary of Learning Outcomes

By the end of the unit the trainee should be able to:

Learning Outcome	Duration (Hrs)
1. Establish patient dietary needs.	12
2. Draw individualized feeding care plan.	12
3. Carry out feeding care plan interventions.	16
4. Conduct continuous dietary monitoring	10
Total	50

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Establish patient dietary needs	• Meaning of dietary needs • Type of dietary needs • Dietary assessment tools. ✓ 24hr dietary recall profile ✓ Food record profile ✓ Food frequency questionnaire profile ✓ Screener's profile • dietary needs ✓ Low blood levels ✓ Low electrolytes ✓ Allergies ✓ Lactose intolerance	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment

	✓ Vegetarianism ✓ Ketogenic diet ✓ Low carbs ✓ Diabetic • Routes of feeding via tube and oral • Feeding resources ✓ nasal gastronomy ✓ gastrotomy tube • Family members	
2. Draw individualized feeding care plan	• Meaning of individualized feeding care plan • Types of individualized feeding care plan • Tools for feeding in individualized feeding • Grocery list in individualized feeding • Recipes individualized feeding • Menu individualized feeding	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment
3. Carry out feeding care plan interventions	• Client diet counselling in feeding care plan interventions • Feeding tools in feeding care plan interventions • Client dietary preferences feeding care plan interventions • Patient cultural practices feeding care plan interventions • Safe food handling procedures feeding care plan interventions • Individualized meal feeding care plan interventions • Patient feeding • Feeding tools cleaning procedures	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment

4. Conduct continuous dietary monitoring	• Meaning of continuous dietary monitoring • Reassessment i.e., tentation, vomiting, diarrhoea • Reintervention administers • Ways of report dissemination • Appropriate referrals • Documentation recording formats	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment
---	---	---

Suggested Methods of Instruction

- Guided practical activities
- Direct instruction
- Group Discussion
- Demonstrations
- Case studies
- Role playing

Recommended Resources for 25 Trainees

- 2 First aid kits
- Adequate utensils
- 2 Dustbins
- 1 White boards
- 1 projector
- 1 computer/laptop
- Simulated room with adequate furniture and stationery

PSYCHOSOCIAL CARE

TVET CDACC Unit Code: HW/CU/HBC/CR/03/3/MA

ISCED Unit Code: 0915 251 03A

UNIT DURATION: 160 Hours

Relationship to Occupational Standards

This unit addresses the Unit of Competency: Provide psychosocial care.

Unit Description

This unit describes competencies required to offer psychosocial care. It involves assessing emotional and social needs, conducting emotional and social support and conduct self-care.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcomes	Duration (Hrs)
1. Assess emotional and social needs	20
2. Conduct emotion and social support	30
3. Conduct Self Care	20
Total	70

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Assess emotional and social needs	• Emotional and social needs are identified ○ Depression ○ Anxiety ○ Fear ○ Pain ○ Stress ○ Emotions	• Case studies • Observation • Written Tests • Assignments • Supervised exercise • Simulation

	• Challenges facing client ○ Emotional ○ Cognitive ○ Communication ○ Cultural and social factors ○ Environmental and situational challenges ○ Mental health and psychological factors • Tools and techniques for psychosocial needs ○ Active listening ○ Oral questioning ○ Observation	
2. Conduct emotion social support	• Creating rapport ○ Introduction, ○ Observation ○ Oral questioning ○ Non-verbal communication ○ Open communication ○ Active listening • Family session ○ Meetings ○ Informal discussion. • Psychosocial resources ○ Spiritual person ○ Welfare groups ○ Support group ○ Fellowships • Necessary psychosocial interventions ○ Improve the quality of life	• Practical • Interview • Third Party Reports • Written Tests • Project

	○ Social inclusion ○ Build self-confidence, ○ Acceptance of the condition	
3. Conduct Self Care	● Self-evaluation ○ Daily checklist ○ Set limit ○ Strengths and weaknesses ● Personal hygiene ● Recreational practices	● Interview ● Third party reports ● Observation ● Oral questions ● Individual or group assignment

Suggested Methods of Instruction

- Role playing
- Viewing of related videos
- Discussion
- Direct Instruction

Recommended Resources for 25 Trainees

- 2 Laptops
- Internet connection
- 2 Projectors
- 2 Whiteboards
- 2 rolls Flip Charts
- Assorted colour of whiteboard markers
- Stationery
- Journals

PRE-DEPARTURE PROCESS

TVET CDACC Unit Code: HW/CU/HBC/CR/04/3/MA

ISCED Unit Code: 1015 251 04A

Relationship to Occupational Standards

This unit addresses the unit of competency: Carry out pre-departure process

Duration of Unit: 50 hours

Unit Description

This unit specifies the competencies required to carry out pre-departure training. It involves researching destination country, processing travel documents, demonstrating travel process and establishing work ethics and legal aspects.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcomes	Duration (Hrs)
1. Research destination country	14
2. Process travel documents	12
3. Demonstrate Understanding of travel process	12
4. Establish work ethics and legal aspects of destination country	12
Total	50

Learning Outcomes, Content and Methods of Assessment

Learning Outcome	Content	Methods of Assessment
1. Research destination country	• Introduction to pre-departure training • Meaning of terms • Factors to consider in pre-departure training	• Observation • Oral questions • Third party report • Written tests • Project and report writing
2. Process travel documents	• Travel documents • Acquisition of travel documents	• Observation • Oral questions • Third party report • Written tests

Learning Outcome	Content	Methods of Assessment
		Project and report writing
3. Demonstrate the travel process	- Modes of transport - International travel procedures - Travel etiquette - Transit process - Arrival and reception services	- Observation - Oral questions - Third party report - Written tests - Project and report writing
4. Establish work ethics and legal aspects	- Work ethics - Types of remittances - Legal aspects in immigration - Emerging trends in immigration	- Observation - Oral questions - Third party report - Written tests - Project and report writing

Suggested Methods of Instruction

- Project
- Demonstration by trainer
- Practice by the trainee
- Group work
- Discussions
- Instructor led facilitation of theory
- Case study
- Audio –visual aids

Recommended Resources

- Computer/Laptops, projectors
- Text books
- Flipcharts
- Printers
- Tablets
- Geographical maps/GPRS
- Internet connectivity

MODULE II

FIRST AID SERVICES

TVET CDACC Unit Code: HW/CU/CG/CC/01/4/MA

ISCED Unit Code: 0988 351 06A

Relationship to Occupational Standards

This unit addresses the Unit of Competency: Provide First Aid Services

Duration of Unit: 80 hrs

UNIT DESCRIPTION

This unit specifies the competencies required to provide first aid services. It involves assessing the nature and extent of injury or illness, provide first aid services, evaluate first aid service and wind-up first aid.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcome	Duration (Hrs)
1. Assess the nature and extent of injury or illness	20
2. Provide first aid Intervention	20
3. Evaluate first aid services	10
4. Wind-up first aid	10
Total	60

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Assess the nature and extent of injury or illness	- Principles of first aid - Scene size up - Assessment of nature and extent of injury and /or illness - Sourcing for emergency services - Decision making-triaging - Requirements for first aid	- Practical assessment - Projects - Portfolio of evidence - Written tests - Oral assessment
2. Provide first aid services	- Performing cardio- pulmonary resuscitation; - Management of: ✓ Choking,	- Practical assessment - Projects

	✓ Burns and scalds, ✓ Trauma ✓ Nose bleeding, ✓ Cuts, ✓ Fractures, ✓ Drowning, ✓ Poisoning ✓ Snake bites ✓ Dislocations ✓ Unconsciousness ✓ Epilepsy ✓ Insect stings ✓ Asphyxia ✓ Inhalation of fumes ✓ Hiccups ✓ Hyperventilation ✓ Sprains and strains ✓ Skull fracture ✓ Neck injuries ✓ Convulsions ✓ Extreme of temperatures • Assisting patients with medical conditions such as: ✓ Asthma, ✓ Epilepsy ✓ Hyperglycaemia ✓ Hypoglycaemia ✓ Heart attack ✓ Severe allergic conditions /anaphylaxis ✓ Bleeding ✓ Seizures • Effective communication on casualty's condition to medical personnel or care taker/care giver • Handing over casualty to medical personnel or to immediate care giver including family members or next of kin • Monitoring Casualty's condition	• Portfolio of evidence • Written tests • Oral assessment
--	--	---

3. Evaluate first aid service	- Evaluating response of the casualty to the intervention - Evaluating first aider's response to the situation - Referral procedure ✓ Documentation ✓ Handing over process	- Practical assessment - Projects - Portfolio of evidence - Written tests - Oral assessment
4. Wind-up first aid	- Documentation - Waste disposal and management - Report writing	- Practical assessment - Projects - Portfolio of evidence - Written tests - Oral assessment

Suggested Methods of Delivery:

- Guided practical activities
- Direct instruction
- Group Discussion
- Demonstrations
- Case studies

Recommended Resources for 25 trainees

- Adequate PPEs
- 2 first aid kits
- 3 Waste disposal bins
- 2 first aid charts
- 1 White boards
- 1 projector
- 1 computer/laptop
- Simulated room with adequate furniture and stationery

CAREGIVING CATERING SERVICES

TVET CDACC Unit Code: HW/CU/CG/CR/01/4/MA

ISCED Unit Code: 0988 351 07A

UNIT DURATION: 180 Hours

Relationship to Occupational Standards

This unit addresses the Unit of Competency: Provide Caregiving Catering Services

Unit Description

This unit focuses on the skills and knowledge required to provide caregiving catering services in a care setting. It emphasizes the importance of performing previous preparations, preparing and presenting meals and performing post production tasks.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcomes	Duration (Hrs)
1. Perform previous preparation	60
2. Prepare main meal	60
3. Present main meal	40
4. Perform post production tasks	20
Total	180

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Perform previous preparation	1.1 Identify and use PPEs as per manufacturers' instructions 1.2 Air pproduction room as per workplace procedures	• Practical • Interview • Third party reports • Written tests • Project

	1.3 Select and assemble cleaning materials and equipment 1.4 Clean and assemble food production tools and equipment as per workplace procedures 1.5 Clean food production tools, surfaces and equipment appropriately 1.6 Collect and weigh ingredients as per recipe	
2. Prepare main meal	2.1 Use recommended equipment for cooking each food item 2.2 Apply cooking methods as per recipe 2.3 Maintain correct temperatures as per recipe 2.4 adhere to timings as per recipe	• Practical • Interview • Third party reports • Written tests • Project
3. Present main meal	3.1 Hold main meal prepared at required temperatures 3.2 Portion and garnish main meal prepared as per recipe 3.3 present main meal in correct equipment	• Practical • Interview • Third party reports • Written tests • Project
4. Perform post production tasks	4.1 Clean and store tools, equipment and materials as per workplace procedures 4.2 Clean work surfaces and floors as per workplace procedures 4.3 Dispose waste as per workplace procedures	• Practical • Interview • Third party reports • Written tests • Project

Suggested Methods of Instruction

- Demonstration by Instructor
- Practical Work

Recommended Resources for 25 Trainees

- 2 Laptops
- Internet connection
- 2 Projectors
- 5 boxes Assorted Flash Cards
- 5 Whiteboards
- 5 rolls Flip Charts
- Assorted colour of whiteboard markers
- 25 note books
- A Fully Equipped Operational Kitchen Including Industrial -Current Tools and Equipment

Equipment

- 12 burner gas range
- 2 refrigerators
- 2 Double decker industrial oven
- 1 commercial mixer
- 2 commercial blender
- 1 commercial freezer
- 1 potato chipper

Small kitchen equipment & utensils

- 10 sauce pans with lids
- 10 cooking sticks
- 10 cooking spoons
- 10 whisks
- 10 utility bowls
- 5 thermos
- 10 tea spoons

- 10 table spoons
- 10 measuring jugs
- 10 plastic bowls
- 10 glass bowls
- 10 chopping boards
- 10 chefs knives
- 5 rubber spatulas

Cleaning materials

- 1 litre detergent
- 1 Barsoap
- 5 Scouring pads
- 5 pcs Steelwool
- 5 Window cleaner
- 5 Yellow dusters

Cleaning equipment

- 2 Cobweb removers
- 2 soft brush
- 2 dustpan & brush
- 5 Mops
- 5 Mop buckets
- 5 Hardbrush
- 2 Squeezers
- 4 large dustbins

Safety equipment

- 5 assorted Fire extinguishers
- 2 Fire blankets
- 2 complete first aid kits

SPECIAL NEEDS CARE

TVET CDACC Unit Code: HW/CU/CG/CR/02/4/MA

ISCED Unit Code: 0988 351 08A

Relationship to Occupational Standards

This unit addresses the Unit of Competency: Provide special needs care support

Duration of Unit: 120 hours

Unit Description

This unit covers competencies required to support special needs care . It involves competencies on providing care for geriatrics, providing care for terminally ill patients, providing care for mentally ill patients, providing care for people living with disability, providing care for children with special needs and conducting patient psycho-social support.

Summary of Learning Outcomes

By the end of this unit, the learner should be able to:

Learning Outcome	Duration (Hrs)
1. Provide care for geriatrics	20
2. Provide care for terminally ill patients	20
3. Provide care for mentally ill patients	20
4. Provide care for people with disability	20
5. Provide care for children with special needs.	20
6. Conduct patient psycho-social support activities	20
Total	120

Learning Outcomes, Content and Suggested Assessment Methods

Learning Outcome	Content	Suggested Assessment Methods
1. Provide care for geriatrics	• Meaning of client home environment assessment • Ways of assessing client condition • Steps in developing a working contract • Meaning of geriatric care activities • Types of geriatric care activities • Steps of preparing geriatric report • Referral for geriatric patient/client	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment

2. Provide Care for terminally ill patients	• Ways of assessing terminally ill patient condition. • Types of terminal illnesses • Types of terminal ill care activities • Steps of carrying out terminal ill care activities • Steps in preparing terminal ill care report • Referral for terminally ill patient/client	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment
3. Provide Care for mentally ill patients	• Meaning of mental illness • Types of mental illness • Assessment of mentally ill client condition • Types of mental illness care activities • Steps in preparing mental illness care report • Referral for mentally ill patient/client	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment
4. Provide Care for people with disability	• Meaning of disability • Types of disabilities • Assessment of disabled client condition • Types of disability care activities • Steps in preparing disability care report • Referral for disabled patient/client	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment report
5. Provide Care for children with special needs.	• Meaning of special needs • Types of special needs in children • Care activities for special needs in children • Referral for children with special needs	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment
6. Conduct patient psycho-social support activities	• Meaning of psycho-social support • Types of psycho-social conditions • Psycho-social assessment tools • Preparation of psycho-social support contract • Types of psycho-social support activities	• Practical assessment • Projects • Portfolio of evidence • Written tests • Oral assessment

	• Preparation of psycho-social support report.	
--	--	--

Suggested Methods of Delivery:

- Guided practical activities
- Direct instruction
- Group Discussion
- Demonstrations
- Case studies

Recommended Resources for 25 trainees

- 1 White boards
- 1 projector
- 1 computer/laptop
- Adequate internet
- Simulated room with adequate furniture and stationery
